DECLARATION OF RESPONSIBILITY:

The undersigned declares to assume all personal responsibility for the seaworthiness of his yacht, its equipment, the efficiency of his crew, his safety equipment and his arrangements and for what may happen due to deficiencies related to what is prescribed, including damage to people or things.

He also declares to be aware of the OSR rule 1.02.1: "THE CAPTAIN OF THE VESSEL IS SOLELY RESPONSIBLE FOR THE DECISION TO START OR NOT TO CONTINUE A RACE".

With this declaration he also intends to relieve the Organizing Committee of the Event and all those who contribute to the organization of the same, under any title, from any liability, assuming at his expense any damage that may be caused by the participation of the yacht in the event. HE ALSO DECLARES TO KNOW THE REQUIREMENTS REQUIRED FOR THE EVENT. Acknowledges and acknowledges, for all intents and purposes, that in offshore races, where bad weather conditions may also be encountered, no particular rescue organization can be set up, which is why each competitor, once the start has taken place, must know that he can rely solely on his own safety means, in addition to the current rescue means that the government authorities keep available for the protection of human lives at sea
